### CANS OF GREEN BEANS NEEDED

I am collecting 200 cans of green beans for the organization, **500Turkeys**. This is the organization our food pantry refers their clients for assistance with a

Thanksgiving meal. The organization started out feeding 500 families at Thanksgiving and this year, God has led them to plan for 1300 families. Families can be nominated starting October 15 by going to [500Turkeys.com](http://500Turkeys.com).

*Thank you!!--Kim Schuffert, School Nurse*

### SAVE YOUR Strack & VanTil RECEIPTS!

Please save all your Strack & VanTil receipts (does **NOT** include Town & Country)

and turn them into the box on the table! Immanuel is participating in Strak's Apples for the Students program. This program enables our school to earn sporting goods, audio visual equipment, science supplies and hundreds of other items to choose from. To earn these free awards, we simply have to collect as many Strack & VanTil register receipts as possible dated September 1, 2020 through March 1, 2021. Ask all your friends and relatives to shop at Strack & VanTil and save every receipt. Don't forget to buy Scrip and we get a double benefit!!!

Social distance

Mask

Avoid crowds

Stay home if you are sick

Hand washing

If you will be traveling out of the area for any reason, will be around others outside of your household, we are asking that you isolate at home for 2 days after you return home. Don't forget to do your daily temperature checks.

Fasten your seat-belts; we're in for some wild weather! This unit is all about the amazing and powerful forces of nature, as students explore the when, where, how and why of all kinds of natural phenomenon. There is a

lot of geogra-phy in this unit -- we'll examine a map of the Pacific "Ring of Fire" where most tsunamis occur, view a diagram of the tectonic plates and learn how their movement creates earthquakes, define the area known as "Tornado Alley" in North America, and find out what hurricanes are called in different parts of the world. Each model represents the motion of that particular weather or event, with a seat for a mini-figure to take in the action! Take cover because we're about to take a trip through some wild weather! Kids will love to build moving models of a tornado, a tsunami, an earthquake and a cyclone. Learn how they move, why they happen and what you can do to stay safe! Register on-line at
